

A Greedy Tiger

Once there was a tiger. He was really hungry. He saw a boy. The boy had some meat in his hand. He decided he wanted to eat both the boy and his meat. He would trick the boy.

The tiger said, "Oh! Little Boy! Could you please give me some meat?"

The boy said, "Oh no, you will eat me."

The tiger said, "I promise, I won't eat you."

So the boy went near the tiger to give him the meat. But, instead the tiger tried to catch the boy. It caught just his shirt.

There came a rabbit. It wanted to help the boy. It did help the boy. The tiger wanted to eat the rabbit first, so he let go of the boy's shirt.

The boy ran away and escaped and the rabbit too fled away. The cunning tiger didn't get his dinner.
